

TURN THE TIDES FOR SHARKS

PLEASE STOP SELLING SHARK PRODUCTS.

Dear Management,

I noticed that you sell shark products, so I respectfully cannot support your business.

I choose not to purchase or consume any shark products because consumer demand for shark is pushing these magnificent animals to the brink of extinction, leaving behind a legacy of destruction for future generations.

Up to 73,000,000 sharks are killed a year; many species are over 90% extinct. And we can't afford to lose the sharks; they are critical for a balanced ocean and healthy planet. Our very existence depends upon the sharks.

[Please become a part of the solution. Earn your wings and stop selling shark products today.](#)

Respectfully yours,
